ARTUPLAT

THE COMFORTABLE AND COMPACT STEP LADDER

This folding steel step ladder is ideal for small household jobs. It is available in 2-step and 3-step versions. It offers optimal safety thanks to its front guardrail and footrest with anti-lift system. Its anti-slip footpads ensure stability for the user. It features an integrated tool holder. Its folding structure allows easy storage. It complies with standard EN 14183 and decree 96-333.
