

STABIL
THE 100% SAFE SHELVING SOLUTION

This Tubesca-Comabi aluminium platform meets the EMER shelf-stacking standards developed in partnership with French retailers and guarantees unparalleled safety and comfort for all shelf-stacking and picking roles. Its retractable wheels, shelf and 500 x 400 mm platform enable natural movement along the aisles. This foldable platform is particularly compact.

Class	Professional
Use frequency	Regular
Use	Flat surface
Material	Aluminium
Maximum load (kg)	150
Guarantee (year)	5
Standard requirements	Cumple la norma NF E 85-301
Recyclable up to (%)	87

Safety guardrail locking and unlocking system

15 kg resistance tray

The wheels are protected by anti-shock protections

The wheels lock when the user climbs onto the platform

High guardrail 100mm

Model shown: 02273102

- Specially designed for shops, stores and merchandisers
