

FOLDING RAPTORSCOPIC - GUARDRAIL AND BRACES

VERSATILE, COMPACT PLATFORM

Its folding guardrail makes it extremely compact for easy transport and storage. This lightweight, compact and versatile platform boasts all the qualities required by a professional individual workstation. Its folding guardrail means even easier storage. Safety first: The folding Raptorscopic with braces satisfies all the French and European safety requirements.

Practical: this platform is fitted with a detachable tray which can support weights up to 25 kg and an intuitive height adjustment system to adapt to the configuration of the worksite. Eco-design: this product has been designed to take CSR requirements such as sustainability, reparability and recyclability into consideration from manufacture through to the end of its life.
