

MAXIBAT

THE RIGHT CHOICE FOR PROFESSIONALS

The Maxibat is an aluminium stepladder for heavy-duty use. Its wrap-around footpads, 80 mm ribbed steps and wide platform make the Maxibat a safe stepladder. Available from 3 to 10 steps, it provides safe access to heights on a 280 x 250 mm footrest and has a tool holder with a bucket hook.

Class	Professional
Use	Intensive
Use	Flat surface
Material	Aluminium
Max load (kg)	150
Warranty (years)	5
Standard	EN 131
Decree	96 333

- Ultra-strong ribbed joints
- Crimped step/upright connections (very reliable and highly-resistant)
- 280 x 250mm painted platform
