- Very popular with roofers
- The crimped upright/rung connections are highly reliable to ensure maximum user safety
- The upper section is fitted with non-staining black positioning wheels to make it easier to use on facades
- The rope is an essential safety element for using this model (it is UV-resistant)
- High-safety maxi covering footpads guarantee ground contact in all situations
- 280mm spacing between rungs makes the product more lightweight and

easier to handle

- These models are designed for use at high levels
- The two extruded aluminium rung-lock catches enable the ladder to be positioned at the right height very accurately in total safety
