

ROPE

Semistatic polyamide rope, 11 mm diameter, for vertical use together with our gliding fall prevention clamp. This rope is part of the fall prevention system components. For greater ease of use, it is a good idea to weight the rope with a 3 kg weight.

- ▶ Semistatic polyamide ropes, 11 mm diameter
- ▶ Buckles for sewn anchors
- ▶ Quality resistance to traction forces
- ▶ Stretching <5%, quality resistance to traction forces
- ▶ Six lengths available: 3, 6, 10, 20, 30, 50 metres
- ▶ Compatible with our gliding fall prevention clamp

Product characteristics	
Material	Polyamide
Warranty (years)	5

To comply with the law and be sure to use equipment in perfect condition, all fall prevention PPE must be inspected every year and before use, always carry out a visual check. UNYC® personal protective equipment come with a 10-year guarantee from the date of manufacture and a 5-year guarantee from the date of initial use.
